

Up to date Brand Training for Beauty and Hair Professionals

RefectoCil®

Colour Tinting
WOW Brows • Eyelash Lifting
Eyelash Curling

INTRODUCTION TO REFECTOCIL

A world leading brand Refectocil is today prominently represented in more than 50 countries. Refectocil eyelash and eyebrow tints have been proven and recognised due to millions of successful applications as the leading product for more than 60 years. Additionally, new products have been added that include Eyelash Lifting and Curling as well as Eyebrow Shaping with Wow Brows.

We offer the following **training workshops**:

1. Eyelash Lifting and Curling for Eyelashes
2. Eyelash & Eyebrow Tinting with all the colours and Shaping with Wow Brows

Refectocil Brand Workshop training is offered to candidates that have not trained with the new products and can then offer additional treatments in the salon.

Enquire about our workshop dates and book your seat with the best in Brand training

EYELASH LIFTING AND CURLING

RefectoCil Eyelash Lift lifts lashes and creates an intense, wide-eyed look. The lift makes your natural lashes look significantly longer and thicker. Unlike RefectoCil Eyelash Curl, where the lashes are given a U-shaped curl, Eyelash Lift lifts the lashes up. The unique formula containing collagen & cysteine works in JUST 13 minutes. The especially developed lifting pads, made in Germany, fit along the curvature of the lid perfectly, are available in 3 sizes, and can be used up to 100 times. You can colour your lashes immediately after the lifting treatment.

RefectoCil Eyelash Curling Amazingly expressive eyes, glamorous look – RefectoCil Eyelash perm opens the eyes and lets them appear bigger due to the upward swing. Therefore, the look becomes warmer, more pleasant and approachable in every situation. The application is incredibly easy and the effect long lasting, up to six weeks. Thanks to the ingredients collagen and cysteine the eyelashes are nurtured while being curled. The gentle formula makes the application even for fine lashes possible.

Training as follows:

Training Days	Training Times
Day 1	
Theory	09:00 - 10:00
Practical Model 1	10:00 - 11:30
Practical Model 2	11:30 - 12:30
